Bill,

I'll jump in and answer your question. We are still waiting for the validated data, and expecting to receive them this week or next. In the meantime, we received a FOIA request and we uploaded the unvalidated results to FOIAonline, where they are now available for downloading by any and all.

I think this link may take you directly to the documents but if it doesn't work, you can search FOIAonline for the following FOIA request you will find them: EPA-R2-2014-004766.

If you have trouble retrieving the information, please let me know.

Hi Leena:

What is the status of EPA's sampling data that was collected from the river in Fall 2013? We had understood that it would be available. Kindly advise.

Thanks.

Hi Adam,

Sorry for the delayed response. I was unexpectedly out all of last week due to my son's illness and am still catching up on my cases. I will follow up with my folks regarding the status of information requested by EPA and get back to you shortly. Thanks for providing the owner information and the index.

Leena

Hi Leena:

Sorry for the delay in responding to your prior email. I have attached the index that you requested. As far as the current owner is concerned, the contact information is as follows:

Kathryn Kilgore

Director Asset Management

Industrial Income Trust

301 Route 17 North, Suite 406

Rutherford, NJ 07070

Tel: (404) 895-9255 (office)

Email: Kkilgore@industrialincome.com

In response to your other request, we have confirmed that we do not have any more detailed information regarding the geotextile fabric other than what was previously provided to you.

Can you please advise us as to when we can expect to receive the data and information that we requested from EPA? Do you know when the data from the river will be available? Finally, can you provide an estimate of when we can expect to see a revised QAPP? We appreciate any information that you can provide. Please let us know if you have any questions. Thank you.

Regards,

Adam
